

UNISTRUT ATTACHED FLAT PANEL MENU BOARD MOUNTING SOLUTION

Model: **UMB-DBT**

WEIGHT CAPACITY: 75 LBS / 34 KG

FEATURES

- 1** Attaches to commercially available slotted channel strut
- 2** Simple design for rapid install for less downtime
- 3** 0-15° degrees of locking tilt ensures uniform screen angles
- 4** Adjustable foot pads to overcome uneven walls

The UMB-DBT & UMB-DBTS menu board flat panel display brackets are a “no assembly required” system where, out of the box, brackets that hang on the panels and are designed to attach direct to slotted channel strut offering a quick and simple way to install a linear row of displays. This technology, along with less components, enables a fast, hassle-free installation process and a number of configuration options.

Installation safely secures digital signage in place

Allows video walls and digital displays to be positioned flat or up to 15 degrees

The most cost-effective digital menu board mounts on the market today
