

# HM-PSD-TTS-L

## Universal Tabletop Stand

**ITEM:** HM-PSD-TTS-L

**WEIGHT CAPACITY:**  
100 LB/ 45 KG

### FEATURES

- Fits 42"-80" screens with 200x200mm - 775x600mm mounting patterns
- Two adjustable mounting arms, attachable at any point along the vertical chrome poles.
- Extra-wide base for stable support.
- Maintain a professional aesthetic with a sleek design that keeps cables organized with built-in cable management.
- Patented Griplates™ to safely support flat panel displays
- Optional bolting to any horizontal surface for added safety.
- Scratch-resistant black finish with chrome poles.

HM-PSD-TTS-L is a tabletop stand built to handle your biggest and boldest flat panel displays. This heavy-duty solution is ideal for conferences, classrooms, lobbies, or anywhere you need a sturdy and secure platform for a large screen. The HM-PSD-TTS-L features adjustable mounting arms that can be positioned anywhere along the vertical poles, allowing you to achieve the perfect viewing height for your audience or application.
