PRESS & RELEASE MOUNTS

Our LMV Press & Release mount revolutionized the LCD video wall landscape when it was first introduced to the market – our engineers have taken our multi-award winning design and created a family of products with unlimited capabilities for creating any video wall using any displays in an orientation.

LMVF

+ VESA
200mm x 200mm -
600mm x 400mm

+ WEIGHT LIMIT
160lbs | 72kg

FEATURES

- + Multi-monitor stacking
- + Open design
- + Built-in kickstand
- + Model-specific spacers available
- + Top-adjustable fine-tune points

LMVP

+ VESA
200mm x 200mm -
400mm x 600mm

+ WEIGHT LIMIT
160lbs | 72kg

FEATURES

- + OSHPD certified
- + Fits most 37"-65"+ flat panels & extends 13" for maintenance
- + Spring loaded press & release mechanism allows quick release from locked position
- + Model specific spacers available & significantly reduce installation time
- + Adjustable mounting brackets ensure alignment of displays
- + "Click-It" locking feature confirms display is secure through an audible noise
- + Top-adjustable fine-tune points & scissor-design with compact mounting arms

PM CONVERGENT

Our Convergent DVLED mounting solutions are second to none! We engineered our mounting system to make installation safer, faster, and more cost-efficient than any other mounting system on the market. In this current display renaissance, we don't limit ourselves to specific arrays. From 2x2 to the limits of your imagination, the Convergent mounting system will scale to meet your design needs!

DV FEATURES

XYZ

Adjustability points for perfect x-y-z plane alignment and better access to mounting holes.

Efficient installation.

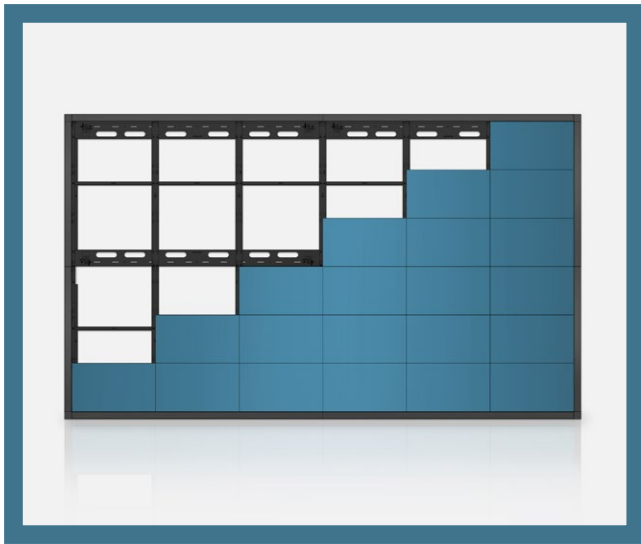

Lightweight design.

Manufactured in the USA.

Cladding available.

DV LED

No seams, no problems!

The Convergent mounting system features X-Y-Z plane alignment for fine tune adjustment and better access to mounting holes. If your wall is a little uneven, the built-in z-axis alignment helps overcome it with up to 1" of adjustability.

DV VALUE

Installation of LED video walls can be very difficult, but the Convergent's lightweight design makes it easy to transport and hold up when securing to the wall. Furthermore, the mount ships in smaller packages making it compact, easier to store and move around on installation sites in addition to being cheaper to ship!

NEW HEIGHTS

As we do with all our products, we design our mounts with your peace of mind, in our mind. Whether you're inside or out, no matter the application, we've got you covered and supported.

MOUNT UP.
